Professional Summary

Computer Science student with experience building web applications and REST APIs using Python, Flask, SQL, and React. Strong understanding of Data Structures, DBMS, and Operating Systems with 125+ LeetCode problems solved and multiple deployed projects.

Technical Skills

Languages: Python, Java, C/C++, SQL

Web Development: Flask,REST APIs, React.js, HTML, CSS

Databases: MySQL, SQLite

Tools: Git, GitHub, Postman, VS Code

Data Tools: Power BI

Core Concepts: Data Structures, Algorithms, DBMS, Operating Systems, OOP

Project

- **WeAssist Hostel Issue Management Platform**

  Tech Stack: Python, Flask, SQLAlchemy, MySQL, JWT

  - Built a web platform for students to report and track hostel maintenance issues.
  - Developed **28+ REST APIs** using Flask for complaint submission, tracking, and resolution.
  - Implemented JWT authentication and role-based access for students and administrators.
  - Designed database schemas to manage users, complaints, and issue status.
  - Deployed the application using Gunicorn and cloud hosting.

  Live: weassist-seven.vercel.app

- **Smart Restaurant Management System**

  Tech Stack: Python, Flask, MySQL, React

  - Developed a full-stack restaurant system for digital ordering and reservations.
  - Designed MySQL database schemas for orders, reservations, and menu data.
  - Built REST APIs to manage orders, menu updates, and table bookings.
  - Implemented a natural language interface to convert user queries into SQL searches.
  - Created dashboards using Streamlit and Power BI to visualize sales trends

Education

Kanpur Institute of Technology Aug 2022 – May 2026

B.Tech in Computer Science Engineering CGPA: 7.9 / 10

Relevant Coursework: Data Structures, DBMS, Operating Systems, OOP, Software Engineering

Achievements

- Solved **125+ problems** on LeetCode focusing on data structures and algorithms.
- Completed **400+ hours** of hands-on development building backend and full-stack projects.
- Developed and deployed multiple software projects demonstrating practical programming experience.
- Recipient of **Academic Excellence Award** Kanpur Institute of Technology (2023).
- TCS iON NQT (IT) – 2026: **Overall Score** 71.7% , Hands-On Programming: 86.8% (Python)

Certification

Employability Enhancement Programme Centum Foundation (supported by Infosys Foundation), 2025 **Certificate Link**
